CUSTOM DISPLAYS & EXHIBITS

With over 30+ years of experience, we specialize in creating custom displays, exhibits and interior environments. Our methodically designed and well manufactured booths provide the type of attraction and branding you require.

vtech

We create displays to fit any shape and size imaginable, from large scale 2-storey booths, to smaller more economical 10' exhibits. We utilize a wide variety of materials including wood, metals, fabrics and many other eco-friendly products to create a truly unique and functional display.

FABRICATION SERVICES

Northern Productions is home to an all inclusive fabrication shop. Our qualified carpenters and cabinetmakers custom build to your specific needs exceeding industry standards.

By using high-tech equipment, highly experienced personnel, and with focus on quality, we are able to bring your ideas to life.

Specializing in trade show exhibits, system fabrication, product displays, and store interiors, all aspects of production are carefully supervised & quality controlled from initial cut to the final polish.

DISPLAY SERVICES

Installation and Dismantle

Our trained and certified professionals are here for you to install and dismantle your displays. We have I&D labour crews across Canada and the US. No matter where your show takes you, you can be sure your booth will always be up on time.

Don't let just anyone handle your display, leave it to the professionals!

Project Management

Project management is a carefully planned and organized effort to accomplish a specific objective which includes developing a plan, goals, identifying tasks and how the goals will be achieved.

Our team of highly knowledgeable & experienced Event Management Specialists can handle all aspects of your event execution.

GRAPHIC & EXHIBIT DESIGN

Graphic Design & Production

Our internal team of graphic designers work with industry leading design tools to create captivating and effective solutions for your display and signage needs. Our ability to take your project from concept to the final product is part of our all in one solution. Our extensive in-house production equipment of large format printers, vinyl cutters, plotters and laminators output the highest quality graphics for any graphic/signage applications.

Exhibit Design

Every great exhibit starts with a stunning design. The NPI exhibit designers are among the best in the industry. We carefully and creatively design your exhibits with your brand and requirements in mind. We pay special attention to areas that result in cost savings such as; ease of installation, transportation, materials and flexibility.

— DIGITAL SIGNAGE & — INTERACTIVE TECHNOLOGY

Digital signage allows you to display key messages to your audience by positioning your brand dynamically. We integrate the power of video and motion graphics throughout your exhibits, delivering our clients customized messages in a direct and impactful way.

WAREHOUSING & DISTRIBUTION

Northern Productions offers a vast array of warehousing and distribution services.

Warehousing

Our head office in Mississauga is home to a 28,000 sq. ft. warehouse with additional warehouses in Bolton ON and Edmonton AB. Our warehouses are designed to house almost anything, from large display crates to palletized promotional materials.

Inventory

All of your inventory will be photographed and added to our inventory system with reports on usage, condition & quantities. You'll always know what assets are available for your shows. Just send us an email and your order will be shipped. It's that easy!

Distribution

We can ship your displays/assets anywhere around the world. We highly utilize our fleet of vans, 5-ton trucks and big rig to move your displays around to save you time and money.

N-VISION

N-Vision is a web portal built around our internal show management system, that our clients will have access to from any internet connection. It is a secure site with the latest SSL certificates. The purpose of this portal is to make your life easier and more efficient by giving you direct access to your graphic inventory, promotional inventory, exhibit inventory and project details complete with renderings - all in real time. This portal is also intuitive, so you can browse it on any mobile device, and it will format for the smaller screen
